

# Download Interviewing In Community Oral History

top of page : I. Introduction. Just Do It; What is Oral History? Sequence For Oral History Research; Just Do It  
We all have stories to tell, stories we have lived from the inside out. Oral history is the collection and study of historical information about individuals, families, important events, or everyday life using audiotapes, videotapes, or transcriptions of planned interviews. Four key elements of oral history work are preparation, interviewing, preservation, and access. Oral historians should give careful consideration to each at the start of any oral history project, regardless of whether it is comprised of one or many interviews. Oral history is a field of study and a method of gathering, preserving and interpreting the voices and memories of people, communities, and participants in past events., Interviewing In Community Oral History.
