National Women's Month: Maria Beasley (1847-1904?) Not much is known about Beasley other than she was born in Philadelphia. An 1880's census listed her an unemployed housewife but that contradicted with other records saying that she was a successful inventor and business woman. In the late 1880s, Maria Beasley improved the design of life rafts. She patented a life-saving raft in both the United States and England in 1880. James Henry Scullin (18 September 1876 – 28 January 1953) was an Australian Labor Party politician and the ninth Prime Minister of Australia.
