

Download Color Harmony A Guide To Creative Color Combinations

Color Harmony: A Guide to Creative Color Combinations [Hideaki Chijiiwa] on Amazon.com. *FREE* shipping on qualifying offers. Describes the relationships between colors, explains the effects of different combinations, and shows practical examples. The primary target audience for this book seems to have been Japanese, with Westerners as an afterthought. The book does contain hundreds of color combinations, but throughout the book the 61 colors used to form different combinations are identified according to the Dai Nippon Inc Color (DIC) System. Here is the original comprehensive guide to making successful color choices and color combinations. Including over 1,600 combinations, this little book packs a big punch, solving color questions through photographic and descriptive examples.
