

Download Ecovillages Practical Guide Sustainable Communities

In 2012, Stefan Wolf created a 120 minutes movie about 10 ecovillages in Europe. “Now more than ever before people all over the planet are seeking new sustainable models for living. Established in 1984 in northeastern Australia, Crystal Waters was the world’s first permaculture village. In a region plagued by drought, these 200 residents have created a small Oasis using intricate networks of dams, channels, and rainwater into thriving streams and lakes. BOOST YOUR LISTENING - MANSFIELD PARK Lin Coghlin's 10-part adaptation of one of the great English classics, starring Felicity Jones, Benedict Cumberbatch and David Tennant. Un écovillage (ou éco-village, éco-lieu, éco-hameau), est une agglomération, généralement rurale, ayant une perspective d'autosuffisance reposant sur deux axes : un modèle économique alternatif et une place prépondérante accordée à l'écologie., Ecovillages Practical Guide Sustainable Communities.
