

Download Financial Abuse Of Older Clients Law, Practice And Prevention

This report provides a broad analysis of the issues raised by elder abuse in the Australian context. Elder abuse - which involves the physical, emotional, sexual or financial abuse or neglect of an older person by another person in a position of trust - presents a range of complex challenges for the Australian community. In the 1960s, following the passage of legislation that established eligibility for federal funds for child protective services programs, nearly every state adopted mandatory reporting laws, child abuse registries, expanded and newly empowered child protection agencies, and training for personnel in social, legal, and medical agencies., Financial Abuse Of Older Clients Law, Practice And Prevention.
