Everyone works differently, so the best use of your free time really depends on you, your working style, and what's on your to-do list. But it's handy to have a list like this in order to quickly find a way to put that little spare time to work instantly, without any thought. I'm not a big movie guy, but I liked Limitless. In it, Bradley Cooper's character discovers a drug called NZT which allows him to access 100% of his brain, giving him incredible powers of focus, perception, and creativity. Sooner or later depression forces you to make changes in your worklife. If adapting at your present job doesn't help, then it's probably time to look at other possibilities. 'With more spare time than younger people, we can spend some of it at the casino.' 'He stood up and went to the phone, and as luck would have it, Dr. Olson was in, and had some time spare to check Lauren over.', Got A Minute How To Enhance Your Life In Your Spare Time.
