

Download High Resolution Camera System

It's the most beautiful book of Mars ever: "Mars: The Pristine Beauty of the Red Planet" is a unique look at the Red Planet by the most powerful camera sent to another world. The triple camera system at the back comprises a 48MP sensor with an f/1.75 lens, a 12MP with an f/2.2 telephoto lens, and a 16MP sensor with an f/2.2 ultra-wide-angle (UWA) lens. Image resolution is the detail an image holds. The term applies to raster digital images, film images, and other types of images. Higher resolution means more image detail. All the image resolution formats reach up to 1280x720, they are high definition (HD). In today's video surveillance industry, we have analog high definition and digital high definition, respectively analog HD camera and network/IP HD camera., High Resolution Camera System.
