Fulfillment by Amazon (FBA) is a service Amazon offers sellers that lets them store their products in Amazon's warehouses, and Amazon directly does the picking, packing, shipping and customer service on these items. In August 2012 Rebellion announced a new series of e-books under the series title Judge Dredd: Year One, about Dredd's first year as a judge (the stories in the comic strip having begun in his 20th year when he was already a veteran). Judge Dredd: Year One is a chance to get to know the famous character depicted in his early years; fresh from the academy and filled with the core of the man he would become but little of the experience. Year One is a collection of three stories that highlight the career of young Judge Joe Dredd. Happily, "Judge Dredd: Year One" #1 is up to the task. Writer Matt Smith and artist Simon Coleby have clearly put a lot of time and effort into keeping the gritty, slightly antisocial feel of the original "2000 A.D." strips, while showing enough about Dredd and his world for a new reader to get on board without being lost., Judge Dredd Year One.
