

# Download Numeric Data Services And Sources For The General Reference Librarian

About the Clark Library . The Clark Library combines our map collection, government information center, and spatial and numeric data services. It is a rich and unique resource, where students and scholars from every discipline--as well as those working across disciplines--can find the materials, tools, and expertise to meet their research needs. Lab NEXT features a makerspace, bookable collaboration rooms, and high performance computers. [Learn More](#) When you use numeric datasets or a prepared statistical table you must cite where you retrieved the information. Data and statistical tables contain unique elements not specifically addressed by most citation styles. [What Librarians Do](#). Librarians help people find information and conduct research for personal and professional use. Their job duties may change based on the type of library they work in, such as public, academic, and medical libraries., [Numeric Data Services And Sources For The General Reference Librarian](#).
