

Download Social Responsibility And Sustainability

We work together in a number of different social responsibility and sustainability areas. Climate change. Circular economy. Supply chains Research, learning and teaching. Laboratories. Awards. Travel. Responsible investment. Community engagement. Fair employer and equality and diversity issues. Widening participation Sustainability. Sustainability is responsibility for the impact that the organization exerts on its surroundings, in business, environmental and social terms. Conscious management of the impact translates into lower costs, improved external relations and better managed risks. Social responsibility and sustainability are integrated into our undergraduate and postgraduate programmes. Through our teaching we ensure that students appreciate ethical issues in business. They have opportunities to explore social responsibility and sustainability locally, nationally and globally to develop the skills needed to work towards ... Accountability, Social Responsibility and Sustainability addresses the broad and complicated interactions between organisational life, civil society, markets, inequality and environmental degradation through the lenses of accounting, accountability, responsibility and sustainability. Placing the way in which organisations are controlled and the metrics by which they are run at the heart of the ..., Social Responsibility And Sustainability.
