

# Download Translation, Technology And Autonomy In Language Teaching And Learning

Dorothy Chun and Trude Heift, Editors. Supported by the Center for Language & Technology and the National Foreign Language Resource Center (NFLRC) at the University of Hawaii, and the Center for Open Educational Resources and Language Learning (COERLL) at the University of Texas at Austin. Translation is the communication of the meaning of a source-language text by means of an equivalent target-language text. The English language draws a terminological distinction (not all languages do) between translating (a written text) and interpreting (oral or sign-language communication between users of different languages); under this ... Welcome to The Asian Conference on Language Learning 2019 (ACLL2019) – proudly organised by The International Academic Forum (IAFOR) in association with the IAFOR Research Centre at the Osaka School of International Public Policy (OSIPP) in Osaka University, Japan. At the height of the Communicative Approach to language learning in the 1980s and early 1990s it became fashionable in some quarters to deride so-called "old-fashioned" methods and, in particular, something broadly labelled "Grammar Translation"., Translation, Technology And Autonomy In Language Teaching And Learning.
