

Download War Crimes Trials And Investigations

This book represents the first multi-disciplinary introduction to the study of war crimes trials and investigations. It introduces readers to the numerous disciplines engaged with this complex subject, including: Forensic Anthropology, Economics and Anthropometrics, Legal History, Violence Studies. War crimes investigations and trials are fundamentally important processes: they legitimise international action against perpetrators; they determine how a post-conflict society is structured; and they inform the development of the international laws of war concerning prevention and intervention. Few topics in international law are more ambiguous and challenging than international criminal justice and its application. War crimes trials and investigations is a book that is broad in scope and rather ambitious: it seeks to bring together multiple insights from an impressively large set of sources—from the history of international law ...Buy War Crimes Trials and Investigations: A Multi-Disciplinary Introduction (St Antony's Series) 1st ed. 2018 by Jonathan Waterlow, Jacques Schuhmacher (ISBN: 9783319640716) from Amazon's Book Store.
